Dear

**PERKINS
PLUNGE**

POWERED BY

**MINERAL
RESOURCES**

I'm committing to laps for the labs!

Call me crazy but I've registered to take part in an overnight, 12-hr swim to raise funds for WA medical research at the Harry Perkins Institute of Medical Research.

And I need your help. Would you please consider supporting me by donating to my fundraising page? Scan the QR Code and search for my name at perkinsplunge.org.au to donate.

You will be helping WA's best medical researchers beat the world's toughest diseases.

Thank you so much for your support.

Kind regards,

P.S. Your support really does mean the world to me! By donating, you're giving yourself and those you love the opportunity to live of healthier, longer lives.
