HELP ME REACH MY TARGET!

Write your name and fundraising target here

\$15,000

Can provide investment for state-of-the-art research equipment that may unlock the next global breakthrough.

\$10,000

Helps to support the research pipeline, which takes promising discoveries from bench to bedside.

\$6000

Helps sequencing tumours into individual parts to assist in new treatment discovery.

\$4000

Helps fund life-saving research focused on prevention and early intervention - giving more hope to patients.

\$2000

SHARKS

Helps progress promising drugs from the benchtop to clinical trials.

I've made it to the Sharks!

\$1200

Helps take discovery research proven in the lab to the next level.

\$500

Helps fund equipment targetting diseased tissue in surgery

You have reached the Plunge minimum fundraising goal.

\$150

Helps cover lab costs for one day.
